

LICENSING REFORM – WHAT’S THE SCORE?

The countdown to the new Licensing Act has begun. The Government has published the final details, Westminster Council will shortly release its local policy statement and operators need to start preparing to convert their licences.

What will the new regime mean for licensees in Westminster? What are the pitfalls and potential difficulties ahead? How much will it cost and how do you apply? What are the key stages in the transition to the new regime? What are the actions you should be taking now?

Be the first to know the details of how policy will be applied on the ground in Westminster. Ensure you are best placed to take advantage of the new flexibilities and avoid costly mistakes by attending our licensing seminars held in association with Jeffrey Green Russell. Let our legal and political experts guide you through the new regime and advise on the steps you need to take.

Two seminars have been planned for 14th and 29th September. Both will be held at the offices of Jeffrey Green Russell, Apollo House, New Bond Street from 4-6pm. Light refreshments will be available. Attendance at each seminar is priced at £25 per head for members and £50 for non-members. Attendance will be strictly limited to 30. Over-demand will prompt additional seminars.
